

Doubletree Hotel

The Texas Architects & Engineers for 911 Truth 1000 Press Conference & Seminar will be held at the Doubletree Hotel at 6505 IH-35 North, Austin, Texas, 78753 (IH-35 @ HWY 290). The meeting rooms are to the left and behind the elevators just off the main lobby on the ground floor. The sponsors ask for a donation at the door to help cover cost of the room and related expenses to produce this historic event.

Covered parking garage is free. The hotel is between Pappasito's Cantina and Pappadeaux's Seafood Kitchen. That's where everyone eats! And if you need to stay overnight you can park your car in the garage and not move it until you go home.

Don't forget that the **South by Southwest Music Festival** will be going on in Austin from March 17-21 so you can also catch some really good shows around town.

PRESS CONFERENCE & SEMINAR

March 20, 2010 * 1-9 PM * Doubletree Hotel * Austin , TX

Over 1000 Architects & Engineers sign petition calling for Real Investigation of the Demolition of Three Skyscrapers at the World Trade Center

PROGRAM:

Do you like mysteries? You will want to come hear about this one, as it effects everything in your life. Would you like to see a model of the World Trade Center at 1"=30' and learn how the towers were constructed in model form and discover what really brought these structures down? Then you will enjoy this Press Conference and Seminar.

PRESENTERS:

Alex Jones, international journalist and producer of PrisonPlanet.com and InfoWars.com and one of the first to question the official 9/11 story.

Ronald F. Avery, architect, will present his models and drawings showing how the Twin Towers were constructed proving that these buildings do not lend themselves to "pan caking" and proving that localized damage over several floors cannot cause global collapse:

- Five story hat truss on roof.
- Vierendeel exterior wall trusses.
- Near "space frame" floors.
- Moment reducing Truss Belts.
- "X" braced corner core columns.

Ron will also present the elements required to prove a conspiracy in court and the philosophy that leads to "9/11" type events and "terrorist attacks."

Dr. Almond Hays, environmental engineer, will present the paper entitled *Active Thermitic Material Discovered in Dust from the 9/11 World Trade Center Catastrophe* printed in *The Open Chemical Physics Journal*, 2009, 2, 7-31. This paper changes everything related to 9/11, as it is the finger print of the real mass murderers behind the scenes.

Dr. Hays will also present the mathematical probability of the types of events that occurred on 9/11.

Dr. Robert M. Bowman, retired air force Colonel, head of Star Wars under Reagan, will make a presentation on the 9/11 Commission (Omission) Report, and corporations and the 9/11 wars.

Derek Johnson, E.I.T., with foundry experience, will speak and present a power point on the "free fall" collapse of the 47 story WTC-7 and the National Institute of Standards and Technology (NIST) report.

We will also show video from the San Francisco AE911Truth Press Conference from 2/19/10 featuring Richard Gage head of AE911Truth and Dr. David Ray Griffin and Dr. Steven Jones. Other videos related to the World Trade Center will be shown. Ron will review a video of the structure of the Twin Towers and explain it as it plays. Also, special guests may be on hand.

But if you cannot make it, you may watch it on your computer live or later in archives by going to the link that will be provided at www.Meetup.com/Taphouse.

What's the Occasion?

To inform the Press and the Public that over 1000 architects and engineers have signed a petition calling for a real investigation of the demolition of the three skyscrapers at the World Trade Center. (See petition at AE911Truth.org) These professionals also are calling for a grand jury investigation of Shyam Sunder, and John Gross, leader and co-project leader at the National Institute for Standards and Technology (NIST) related to their "findings" on the collapse of the 47 story WTC Building 7.
